Accompanying Statement explaining CPNI procedures.

STATEMENT OF COMPLIANCE WITH THE FCC'S CUSTOMER PROPRIETARY NETWORK INFORMATION (CPNI) RULES

The operating procedures of Huntleigh Technology Group, Inc. f/k/a Huntleigh Telecommunications Group, Inc. ensure that Huntleigh Technology Group, Inc. is in compliance with the FCC's CPNI Rules because disclosure of, or permitting access to, our customers' CPNI is not allowed without obtaining the requisite customer approval, as required by law, or pursuant to the exceptions set forth in 47 U.S.C. §222, and Subpart U of Title 47 of the Code of Federal Regulations, 47 C.F.R §64.2001 et seq.

Huntleigh Technology Group, Inc. has internal procedures in place to educate our employees about CPNI and the disclosure of CPNI. Our employees are trained as to when they are and are not authorized to use CPNI. Our employees are instructed that CPNI is information that relates to the quantity, technical configuration, type, destination, location and amount of use of the telecommunications services subscribed to by any customer of Huntleigh Technology Group, Inc. that is made available to us by the customer solely by virtue of our relationship with our customers, and information contained in the bills pertaining to telephone exchange service or toll service received by our customers; except that such term does not include subscriber list information. Our employees that have access to this information are aware of the FCC's rules and are prohibited from disclosing or permitting access to CPNI without the appropriate customer consent or approval as allowed by law and the FCC rules. Our company has implemented a system by which the status of a customer's CPNI can be clearly established prior to the use of CPNI. Any employee that improperly discloses CPNI is subject to an express disciplinary process, and possible termination. We do not at this time use any vendors that have need to access our customers' CPNI; if, however, this changes, we will ensure that our vendors are aware of the FCC's CPNI rules.

The use of, disclosure of, and access to CPNI, as defined in 47 U.S.C. §222, and Subpart U of Title 47 of the Code of Federal Regulations; 47 C.F.R. § 64.2001 *et seq.*, is not allowed by Huntleigh Technology Group, Inc. without customer notification and approval as set forth below.

Any notification to a customer must provide notice to the customer of the customer's right to restrict use of, disclosure of, and access to that customer's CPNI. Notifications will specify the types of information that constitute CPNI and the specific entities that will receive the CPNI, describe the purpose for which CPNI will be used, and inform the customer of his or her right to disapprove of those uses, and deny or withdraw access to CPNI at any time. Huntleigh Technology Group, Inc. employees may use oral notice to obtain limited, one-time use of CPNI for inbound and outbound customer telephone contacts for the duration of the call. Huntleigh Technology Group, Inc. will maintain records of notification, whether oral, written, or electronic, for at least one year.

Huntleigh Technology Group, Inc. has no affiliates, thus there are no opportunities for an affiliate to our customers' CPNI for sales and marketing campaigns. If our customers' CPNI is used for Huntleigh Technology Group, Inc.'s own sales and marketing campaigns, the appropriate safeguards are taken as set forth in 47 C.F.R. §64.2009, including maintainenance of a record of all instances where CPNI was disclosed or provided to third parties, or where third parties were allowed access to CPNI. The record includes a description of each campaign, the specific CPNI that was used in the campaign, and what products and services were offered as a part of the campaign. Huntleigh Technology Group, Inc. will retain the record for a minimum of one year.

Huntleigh Technology Group, Inc. has a supervisory review process regarding its compliance with the Commission's rules for outbound marketing situations and will maintain records of carrier compliance for a minimum period of one year. Specifically, sales personnel must obtain supervisory approval of any proposed outbound marketing request for customer approval.

Opt-In Notice – This method is required for disclosure of CPNI to unrelated third-parties or to affiliated carriers that do not provide communications-related services and for disclosure of CPNI to affiliated entities providing communications-related services, as well as third party agents and joint venture partners providing communications related services. Huntleigh Technology Group, Inc. will obtain the customer's express, affirmative consent allowing the use and release of CPNI. This requirement does not apply to subscriber listing information given to other carriers for telephone directories pursuant to FCC Rules.

Opt-Out Notice – This method is used only in situations permitted by the Commission's rules. Under this method, the customer is deemed to have consented to the use, disclosure or access to the customer's CPNI if the customer has failed to object thereto within a minimum of 30 days from receiving notice. We will provide written notice within five business days to the Commission of any instance where the opt-out mechanisms do not work properly, to such a degree that consumers' inability to opt-out is more than an anomaly.

Huntleigh Technology Group, Inc. requires customers to provide a password when they contact us before we will release call-detail CPNI. In addition, Huntleigh Technology Group, Inc. notifies customers of account changes and will notify customers of unauthorized disclosure of CPNI if such an event takes place. Huntleigh Technology Group, Inc. does not provide online CPNI access.
